## STATE TESTING

Next week, starting Monday, is our annual California state testing. All students in grades 3-8 will be working through testing on the Chromebooks or in the computer lab all week. It is important for students to arrive to school on time, have adequate sleep and good nutrition. To lessen possible feelings of test anxiety, please remind your children to relax and to remember that a state test will not determine a student's future and, as in all things, to just do their best!

## TEACHER SURVEY

The Teacher Feedback Survey closes on Friday, May 3rd. The link is on Facebook and our web page and was emailed through Aeries Communication. Please remember to fill out a separate survey for each teacher that each of your children has had this year. We appreciate you taking the time and giving us feedback.
